REQUEST FOR CORRECTED PATENT
(37 CFR § 1.322(b))

Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Commissioner:

The patentee respectfully requests a corrected patent to correct a printing error made by the Patent Office.

The patent was printed with the incorrect drawings. Copies of the drawings which were originally filed on August 19, 2003 and approved by the examiner in the office action dated June 24, 2004 are attached. Due to the nature of the error, patentee requests a corrected patent instead of a certificate of correction.

Since this error was made by the Patent Office printer, applicant believes no fee is due.
